

Manitoba Government

Immunization Card Project

.....

Technical Briefing

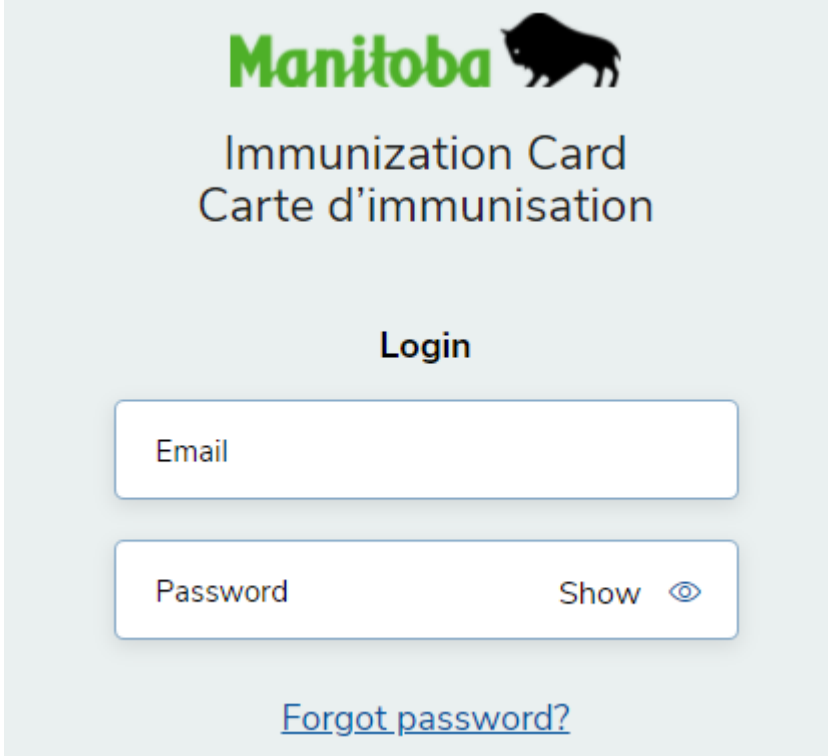

October 25, 2021

Summary

Pan-Canadian Proof of Vaccination Credential (PVC) usage in Manitoba:

- Starting Monday October 25:
 - Eligible individuals will be able to request their Pan-Canadian PVCs online through <https://immunizationcard.manitoba.ca>
 - Linked from the manitoba.ca/vaccine site
 - They will receive a PDF of the Pan-Canadian PVC by email and be able to print the PVC for their use
 - Recommend using their existing Manitoba immunization card when in province. It is more secure and affords better privacy

The screenshot shows the login interface for the Manitoba Immunization Card. At the top, it features the Manitoba logo and the text "Immunization Card" and "Carte d'immunisation". Below this is a "Login" heading. There are two input fields: "Email" and "Password". The "Password" field includes a "Show" button with an eye icon. At the bottom, there is a link for "Forgot password?".

Summary

Pan-Canadian PVC usage in Manitoba:

- Starting October 30
 - Manitobans will be able to use their Pan-Canadian PVCs within Canada
- Early November
 - Manitobans will be able to use the Manitoba Immunization App to request and display their Pan-Canadian PVC
- Mid November
 - The Manitoba Verification App will be available to verify Pan-Canadian PVC of Manitobans and visitors
- November 30
 - Government Canada advises: All travellers must be fully vaccinated, with very limited exceptions.

How is PVC Requested?
