RESOLUTIONS:

Mr. MICHALESKI – Livestock Education

8. WHEREAS lifestyles and communities are changing, leading to a more urbanized Manitoba, which creates a greater disconnect between Manitobans and their food; and

WHEREAS market demand for protein is increasing, allowing for more production in Manitoba; and

WHEREAS hardworking farmers and producers deserve support and recognition for their contributions to this province; and

WHEREAS there is value added to the Manitoba economy due to the province's diversified supply chain, allowing for livestock to be fed by Manitoba grain; and

WHEREAS Manitoba's major agri-food exports in 2017 included canola (\$1.72 billion), wheat (\$991 million) and potatoes (\$460 million); and

WHEREAS the Provincial Government has continued to support and invest in the livestock industry in Manitoba, leading to growing employment opportunities in the agriculture sector; and

WHEREAS the agriculture industry in Manitoba creates many supporting jobs such as veterinary technicians, researchers and land management workers; and

WHEREAS agricultural land management and research into best practices in farming protects the natural environment and will help sustain farming operations for generations to come; and

WHEREAS Manitobans have traditionally understood the connection to their food and where it comes from, taking pride in the farming process and leading to more responsible and respectful consumption; and

WHEREAS the Provincial Government is committed to promoting agriculture through supporting various initiatives including Open Farm Day, Agriculture in the Classroom and Ag More Than Ever; and

WHEREAS educational resources from community based organizations, such as 4H clubs, have done a great job of connecting Manitobans to their food and creating greater appreciation for the farming process.

THEREFORE BE IT RESOLVED the Legislative Assembly of Manitoba encourage the Provincial Government to continue to support livestock education for Manitobans, highlighting the essential education and appreciation of the diverse agricultural supply chain that feeds people around the world.

Ms. LATHLIN – Mental Health supports needed for youth in Manitoba's north

5. WHEREAS access to mental health treatment and service providers is limited or inaccessible within many First Nations communities in northern Manitoba and;

WHEREAS many First Nations' reserves in Manitoba do not have permanent mental health therapists and those that do are understaffed and;

WHEREAS individuals seeking mental health and psychiatric support often have to bear the cost of leaving their home community and travelling to Winnipeg to access services and;

WHEREAS the Provincial Government has cut \$6 million from the northern health region, increasing the burden on healthcare workers and reducing access to services for patients and;

WHEREAS the Virgo report on mental health and addictions in Manitoba conducted a survey of Opaskwayak Cree Nation and found that over 50% of adults were diagnosed with depression or anxiety and;

WHEREAS suicide rates amongst First Nations' people are double the national average and;

WHEREAS the Manitoba Advocate for Children and Youth indicated a lack of resources in the Child and Family Services system (CFS), where 90% of children are Indigenous, means kids are at "imminent risk of death and dying" from addictions, mental health and suicide and;

WHEREAS the province is battling an addictions crisis and wait times for treatment for addictions can be months and is not even available on most reserves and;

WHEREAS the impacts of colonialism and Residential Schools has led to intergenerational trauma, systemic poverty, and overrepresentation in CFS amongst Indigenous peoples which contributes to mental health and addictions issues.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba urge the Provincial Government to take immediate action to fund mental health services that will make trauma-informed and culturally appropriate care available in northern and remote communities.
